**RE: COV Emergency Services  
RFP # 127-11-0001**

Dear Mr. Rigterink:

Thank you for the opportunity to provide additional pricing and clarifications regarding our proposal for the COV Emergency Services contract. Based on our discussions, **Parsons Brinckerhoff (PB)**, operating through its wholly owned subsidiary PB Americas, Inc., offers the additional information below for your consideration.

### **REVISED PRICING**

PB has attached a revised Attachment D. As we discussed, PB is able to provide field rates for staff for assignments of 30 days or longer. We have included these rates in the extended pricing column of Schedule D, which we have highlighted in blue. Additionally, we have added rates for on-site EOC staff for both short-term (less than 30 days) and extended (more than 30 days) assignments. In keeping with the rates for all other labor categories, we have provided three levels for this category. These additions are also highlighted.

### **TRACKING OF EQUIPMENT, COMMODITIES AND SUPPLIES**

PB will support VDEM's requirement to track the shipment of equipment, commodities and supplies. When VDEM issues PB a task order, the PB team will activate the appropriate subcontractor and equipment and log it into our invoice and equipment database for time tracking. Each subcontractor will be required to provide the in-truck contact number for the driver of the shipment. For shipments sent using a freight carrier or delivery services (FedEx, UPS, etc.), a tracking number will be provided. Throughout the process, PB's logistics manager will check shipment status and truck locations to coordinate delivery at the correct location. Upon closing out each equipment subtask, another entry will be made in the database ensuring the billable clock stops and an invoice is generated.

Thank you for the opportunity to submit this additional information. We look forward to working with you on this important program. If you have any further questions regarding our proposal, please don't hesitate to contact me at (703) 736-3831 or [best@pbworld.com](mailto:best@pbworld.com).

Sincerely,

**PB AMERICAS, INC.**

Senior Vice President
