SITUATION REPORT #82

1600 Hours Monday, January 30, 2012
Next SITREP 1600 Hours Tuesday, January 31, 2012

SUMMARY

Gov. Bob McDonnell declared a State of Emergency for Virginia August 26, in response to the 5.8 magnitude Louisa County earthquake August 23. Several thousand residents and dozens of businesses and other entities reported damage. Louisa County High School and Thomas Jefferson Elementary School suffered major damage.

The U.S. Geological Survey reported that 54 aftershocks with a magnitude greater than 2.0 had struck the area, including three on January 18.

FEMA announced a Presidential Major Declaration for Individual Assistance November 4 for Louisa County and added Public Assistance November 10. Later, Spotsylvania County and the city of Fredericksburg were declared for Public Assistance. An expanded outreach program, extensive site visits and inspections turned up large numbers of structures with significant damage that had previously gone undetected or unreported.

On December 28, FEMA approved requests for federal assistance for seven jurisdictions affected by the earthquake: Culpeper County, Individual and Public Assistance; Fluvanna, Goochland and Orange counties, Individual Assistance; Northampton County, Public Assistance; and Spotsylvania County and the city of Fredericksburg, Individual Assistance.

The Earthquake Engineering Research Institute (EERI) has analyzed the seismological cause of the quake and the type and extent of damages. The report, which noted major differences between East Coast and West Coast quakes, looked at the limited ability of the region to deal with the impact of even a moderate earthquake on evacuation, communication and transportation. FEMA has approved \$13.4 million in assistance for families, individuals, and business owners as of January 29. The amount includes:

- **\$10.2 million in grants under the FEMA Individuals and Household Program.**
- **\$3.2 million in SBA loans for homeowners, renters and business owners.**

Total registrations for FEMA assistance climbed by 41 to 5,827. Traffic at the Louisa and Spotsylvania Disaster Recovery Centers added 49 visitors for a total of 3,437.

FEMA granted a 60-day extension of the teleregistration period until March 5 because of the steady high volume of teleregistrations and the number of individuals visiting the Disaster Recovery Center in Louisa. The volume of registrations and visits reflected an intensive Community Relations initiative.

In today’s IA report, 5,827 individuals from 64 Virginia jurisdictions had called the FEMA teleregistration number to report earthquake damages. Thirty-nine of the 41 new registrants were from the declared jurisdictions.

Of the 5,155 referrals from declared localities, 3,929, or 76 percent, have been approved for financial assistance totaling more than \$10.2 million. Thirteen recipients are eligible for the maximum Individual and Households Program grant of \$31,400.

Disaster Recovery Center

Of 3,437 visitors to both DRC locations, 1,469, or 43 percent, registered for disaster assistance; 2,922 were referred to Housing Assistance; 1,378 to SBA for home or business loans; 1,713 to Hazard Mitigation; and 1,358 to volunteer assistance organizations.

Community Relations

Community Relations teams are canvassing the six newly declared jurisdictions to provide information to the public on the availability of Individual Assistance.

Since they began their canvass January 5, the teams have visited 2,762 residences, 949 businesses, 274 faith-based and community organizations, 45 local agencies and 7 schools.

A two-month Louisa County canvass, which ended December 23, shows CR teams visited 10,048 residences out of some 12,000 in the county of 30,000. They spoke with 3,506 individuals, of whom

Community Outreach

Three town hall meetings have been scheduled in Culpeper, Goochland and Fluvanna counties to give residents and businesses an opportunity to learn more about disaster assistance programs. The sessions will include brief presentations on Individual Assistance, the Small Business Administration disaster loan program, hazard mitigation and historic preservation. Visitors will have an opportunity to clarify any questions they have with the program representatives.

A third town hall meeting is scheduled in Fluvanna County on February 1, from 7 to 9 p.m., at the Carysbrook Performing Arts Center, 8880 James Madison Highway, Fork Union, VA 23055.

Mitigation

Home and business owners may be eligible for assistance to strengthen their structures against future earthquakes similar to the August 23 Louisa event. Three mitigation options are available: rebuild or replace an existing structure; retrofit an entire structure or incrementally retrofit key components. Some steps can be accomplished during scheduled maintenance such as roof or structural wall repair. Virginia building codes set standards for basic building integrity but may need to be strengthened in light of the Louisa event. Information kits are available through the two Disaster Recovery Center and FEMA/VDEM Mitigation booths at four disaster-area Lowe’s stores.

Since the Mitigation Outreach program began January 5, a total of 3,072 individuals received information about steps they can take to improve the survivability of their homes in an earthquake. Visitors are encouraged to register for FEMA disaster assistance by March 5 if they experienced damage.

Public Assistance

The governor announced November 10 that FEMA had approved a Major Disaster Declaration for Public Assistance for Louisa County requested by the Commonwealth October 21. FEMA designated Spotsylvania County November 18 as an add-on for Public Assistance. On December 6, FEMA added the city of Fredericksburg as eligible for Public Assistance. On December 28, Culpeper and Northampton counties were added. As the extent of significant amounts of infrastructure and private structural damage became apparent, VDEM and FEMA sent out additional joint assessment teams to quantify it in surrounding jurisdictions. Verification of damages for both Individual and Public Assistance requests in undesignated localities was completed December 22.

**Summary of Public Assistance Activity
FEMA 4042 (As of 1/30/12)**

PA Requests	16	Project Worksheets	
Ineligible/Withdrawn	0	Estimated Total	91
Kickoff Meetings	11	Received	34
Open	13	\$ Requested	\$7,325,048
Exit Briefs	3	Pending Obligated	12
Total Completed	3	Obligated	9
		\$ Obligated	\$72,027

Funding totaling \$7.3 million has been requested for 34 infrastructure projects that have been submitted. Twelve are approved and awaiting funding. Nine projects have received final approval for \$72,027 in funding. Completion of 91 pending project worksheets is expected by the end of February.

Repairs to the heavily damaged Thomas Jefferson Elementary School are estimated to cost \$13.7 million, of which \$9.4 million will come from insurance. The Public Assistance Project Worksheet which would cover the uninsured portion of the incurred damages anticipates \$4.3 million in funding.

PROGRAM REPORTS

Joint Incident Priorities:

1. Determine resource needs to support recovery operations.
2. Ensure a safe and healthy working environment.
3. Work together as a cohesive team.
4. Provide a timely and effective Hazard Mitigation program.

Joint Incident Objectives:

1. Conduct Individual Assistance Operations and assess unmet survivor needs in newly designated localities.
2. Reach out to disability community to provide survivors needed services.
3. Implement Public Assistance program for newly designated counties through kick-off meetings and applicant briefings.
4. Support Disaster Recovery Center operations in Louisa and Spotsylvania Counties.
5. Inform potential applicants of need to register through effective outreach effort.
6. Coordinate Mitigation, Historic Preservation and Environmental activities.
7. Integrate volunteer agencies into the IA relief process.
8. Conduct an effective outreach strategy to manage expectations of applicants, local officials and Virginia delegation.

Deputy Commonwealth Coordinating Officer (DCCO) Brett Burdick

- Coordinate joint activities between the Commonwealth and FEMA.

Operations Section George Roarty:

- **Transition six members of an EMAC team from Arizona and Louisiana at the end of their 30-day deployment, extend deployment of two others and bring in a replacement from Oklahoma.**
- FEMA considers VDEM appeal for Individual Assistance for Albemarle and King George counties, based on the findings of Joint Preliminary Damage Assessments.
- Prepare for anticipated closing of DRCs in Louisa and Spotsylvania February 11, and expected closure of JFO operations March 2.
- Support two Disaster Recovery Centers in Louisa and Spotsylvania counties for the delivery of disaster assistance.
- Requested VHDA to identify housing resources available within a reasonable distance of the impacted area through their housing database.

Public Assistance Supervisor Nealia Dabney:

- Complete processing of anticipated 91 Project Worksheets by the end of February.
- Reallocate Public Assistance teams covering seven affected local jurisdictions.
- Received 16 requests for Public Assistance.

Individual Assistance Larry Braja:

- **Developed a strategy to address unmet needs in designated and non-designated localities in coordination with the Virginia Voluntary Organizations Active in Disasters. An outreach has begun to solicit case managers to work with Louisa County individuals needing their services. Training is scheduled for February 3-4.**
- Respond to inquiries from citizens, businesses and local governments.
- Coordinate response for special needs cases.
- Support DRC operations in Louisa and Spotsylvania counties.
