2012-04 Wildfires

SITUATION REPORT 3

1000 12 April 2012

New information in *bold italic type*

Summary: *Combination of dry fuels, winds 10-20 mph with gusts up to 25 mph, relative humidity values ranging from 20%-30%, and temperatures in upper 50s to low 60s provide for increased fire danger this afternoon. Virginia Department of Forestry (VDOF) reports 3 fires burned approximately 24 acres on private land on 11 April.*

Large wildfires on private property and National Forest land:

- Easter Complex (5 fires managed by U.S. Forest Service Regional Incident Management Team)
 - Page County, Shipwreck Fire: ***acreage burned – 4,748***; 30% containment; mostly on National Forest land; 125 structures protected
 - Alleghany/Craig Counties, Barbours Creek Fire: ***acreage burned – 1,750***; 20% contained; potential to burn 3,000 acres; mostly on National Forest land; 10 structures protected
 - Shenandoah County, Wolf Gap Fire: ***acreage burned – 600***; 10% contained; potential to burn 6,000 acres; all on National Forest land
 - Alleghany/Rockbridge Counties, Rich Hole Fire: ***acreage burned – 1,159***; 50 acres on private land 100% contained; 0% contained on National Forest land
 - Alleghany County, Alleghany Tunnel Fire: ***acreage burned – 6,004***; 10% contained; all on National Forest land; 10 structures protected

U.S. Forest Service (National Incident Management Situation Report)

- ***371 personnel assigned Easter Complex***
- ***13 crews***
- ***24 engines***
- ***4 helicopters***

Weather:

Watches/Warnings

Freeze Watch in effect from late Thursday night, 12 April, through Friday morning, 13 April, for portions of Southwest VA and West Central VA

Thursday 12 April 2012 Weather Forecast

Combination of dry fuels, gusty winds and low relative humidity will provide for increased fire danger threat this afternoon

Mostly sunny; high temperatures upper 50s to low 60s; low temperatures mid to upper 30s; winds 5-10 mph with gusts up to 25 mph; relative humidity 20%-30%

Extended Forecast (Friday through Sunday)

Phil Manuel, National Weather Service Meteorologist assigned to USFS Regional Incident Management Team, advised dry weather is forecast to continue into the weekend with no significant precipitation forecast. Winds forecast to calm down Thursday evening; however, temperatures forecast to climb back into 70s.
