Today: Mostly cloudy, then gradually becoming mostly sunny, with a high near 74. West wind between 10 and 15 mph. ***Tonight:*** Clear, with a low around 42. North wind between 3 and 8 mph. ***Saturday:*** Sunny, with a high near 66. North wind between 3 and 5 mph. ***Saturday Night:*** Mostly clear, with a low around 42. Light and variable wind. ***Sunday:*** A chance of showers after 2pm. Partly cloudy, with a high near 63. Calm wind becoming south between 4 and 7 mph. Chance of precipitation is 30%.

EXECUTIVE ACTION

EOC Activation: Virginia Emergency Operations Center augmented with limited staff. Continue to coordinate resource requests from localities. Monitoring local situations and National Weather Service forecast and advisories and notifying appropriate localities.

State of Emergency: At 1540 hours on 9 October Governor Timothy Kaine declared a State of Emergency due to storms and flooding in Central and Southeast Virginia. ***Governor Timothy Kaine requested the U.S. Small Business Administration to make emergency low interest loans available to homeowners, businesses, and renters in the City of Franklin and Isle of Wight County.***

Protective Actions:

EOC Activations:

- Isle of Wight County, open from 0700 to 2300 hours
- City of Franklin, opened at 0400 hours, 9 October

Local Emergency Declared:

- Surry County: 7 October
- Sussex County: 7 October
- Isle of Wight County: 7 October
- James City County: 7 October
- Southampton County: 9 October
- City of Franklin: 9 October

Evacuations:

- Sussex County – 45 people evacuated.
- Isle of Wight County – 40 people evacuated.
- James City County – 25 people evacuated.
- City of Franklin – 200 people evacuated. 6 families (23 people) are being housed in hotels.
- Southampton County- 45 evacuated.

OPERATIONS SECTIONS

State Warning Point: Monitoring National Weather Service River Forecast Center advisories and National Weather Service forecasts. ***The Blackwater River was at 9.24 feet as of 1000 Hours 20 October 2006 which is the below flood stage of 12.0 feet. The river is forecast to remain below flood stage through the forecast period.***

Local Liaison: Initial Damage Assessments continue to be sought from all local communities affected and State Agencies. VDEM Local Support Services Regional Coordinators are no longer on scene, in the City of Franklin assisting the local government, but they are available as requested.

There have been total of 33 requests from localities for assistance, only one request remains open and will remain open until 7 November.

EMERGENCY SERVICES BRANCH

Public Safety & Security: Virginia State Police has pulled out extra trooper support from the area as of 16 October. VSP Swift Water Rescue Team was released on 12 October. In coordination with DGIF, VSP continuing patrols in flooded areas.

Public Health and Medical Services (ESF-8): Boil Water Notice (BWN) has been lifted for the Clyde's Dale Mobile Home Park private groundwater system in Isle of Wight County affecting a population of 600. The owner of the water system is working on notifying those affected. The Kingsdale – Mosely BWN has been lifted. VDH issued a Drinking Water Advisory for the public groundwater system in Zuni, located in Isle of Wight County. Water service has been restored to Zuni residents for cleaning and toilet flushing purposes, but it is not safe for drinking or bathing. **VOC results have returned and are negative, but fecal coliform tests continue positive. Additional samples will be collected until two consecutive samples return negative for fecal coliform.** Bottled water is being supplied to these customers until the water system is determined safe for use. **DEQ will continue to conduct fecal coliform monitoring of Blackwater River through 7 November.** The Health Department, Environmental Health continues to monitor drinking water and well situations and are awaiting test results. VDH is offering Tetanus (if not vaccinated within the last 10 years) at Franklin and Isle of Wight Health Departments for residents of the region and those involved in clean up effort. To date VDH has given 579 tetanus shots. The sewage treatment plant in the City of Franklin was tested on 12 October and there were no reportable levels of pesticides and no evidence of fuel/petroleum contamination. The manager of the plant supported the Hazmat team in going into the water treatment facility to open all doors and windows to air out the building in anticipation of the DECON and cleanup of the plant which began at 1200 16 October. It is anticipated that the plant will be closed for 2-3 weeks.

Hazardous Materials (ESF 10): Hazmat spill has been contained. Remaining fuel has been transferred to another tank. Contractor has started cleanup of spilled product. Two VDEM Regional Hazmat Officers along with members of the Newport News and Portsmouth Regional Hazmat Teams are assisting Franklin City Building Officials with air quality monitoring as necessary operations begin. Air quality readings have worsened over the past 24 hours. Plan to remove 2 sides of walls and use a high ventilation fan truck to remove hazardous gases from Birdsong Peanuts. This will begin around 1200 Hours 13 October and once completed, the peanuts will be removed. There are 10 million pounds of shelled peanuts located in the company's cold storage warehouse that require disposal. Removal of peanuts began 15 October and is nearly complete. FDA arrived on site on 11 October.

HUMAN SERVICES BRANCH

Mass Care (ESF 6): The Martin Luther King Jr. Community Center Shelter in the City of Franklin is now closed. Lunch on 18 October was the final meal served at this location. Mobile feeding will continue through 21 October in the affected neighborhoods. To date, over 100 meals and 500 snacks have been provided. 88 cleanup kits were also distributed. Locally, more than 5 registered Red Cross volunteers and several spontaneous volunteers have helped. From outside of City of Franklin and Southampton County, 36 people have volunteered including 3 people from the Tidewater 4-Whell Drive Club. These numbers do not include the local Red Cross employee and 4 Disaster Services employees from Norfolk. More families are making progress in cleanup and are moving back home. No new cases were opened, thus the number of cases remains at 66. Contact was made with 9 families that will no longer need Red Cross assistance. Efforts are still underway to coordinate with Ministerial Alliance of to assist with unmet needs.

INFRASTRUCTURE SUPPORT BRANCH

Transportation (ESF 1): 1 Primary road (Route 10 Business at Smithfield) and 8 secondary roads closed. Assisting localities with signage and making necessary repairs.

Public Works (ESF 3): The sewage treatment plant in Franklin at the Blackwater River is non-functioning.

LONG TERM COMMUNITY RECOVERY AND MITIGATION

Recovery and Mitigation (ESF 14): PDA Teams were sent out 16 October to James City County, City of Poquoson, Isle of Wight County, Southampton County, and the City of Franklin. These five PDAs have been completed and estimates made, **but no request for presidential disaster declaration has been made. Preliminary damage assessments were unable to meet required thresholds to request this assistance.** IDAs received from impacted localities are listed below.

EXTERNAL AFFAIRS

Public Information (ESF 15): Continuing to respond to Media, Public and Legislative inquiries.

LOCAL ACTIVITIES

- Counties of Chesterfield, Goochland, Henrico, Hanover and the cities of Norfolk and Chesapeake aided the City of Franklin through Statewide Mutual Aid. All mutual aid missions are now completed.
- City of Franklin – Route 58 Business reopened at the Blackwater River Bridge at International Paper on 1600 18 October. Bridge/approach cores taken 17 October and diver inspection 18 October. The downtown was re-opened to the public 16 October. The DECON crew finished cleaning the homes on Beale Court 15 October and began work on Broad Street 16 October. Approximately 15 houses on Broad Street were declared uninhabitable due to raw sewage inside the building. A meeting has been tentatively scheduled for 25 October to discuss future flood hazards. Representatives from VDEM, US Army Corps of Engineers and the National Weather Service will meet with the City officials to discuss long term solutions to the City’s flooding.
- Isle of Wight County – Still purchasing and supplying bottled drinking water for Zuni community. Some secondary roads still closed, but numbers are dwindling as water recede and VDOT makes repairs. Most organizations were able to participate in the IDA/PDA assessments 16 October, but these are preliminary numbers. Relief organizations are assisting with damaged homes.
