Coronavirus (COVID-19) Pandemic: Medical Care Eligible for Public Assistance (Interim) (Version 2)

FEMA Policy #104-21-0004

BACKGROUND

Under the President's March 13, 2020 COVID-19 nationwide emergency declaration¹ and subsequent major disaster declarations for COVID-19, state, local, tribal, and territorial (SLTT) government entities and certain private non-profit (PNP) organizations are eligible to apply for assistance under the FEMA Public Assistance (PA) Program. This interim policy is applicable to eligible PA Applicants only and is exclusive to emergency and major disaster declarations for COVID-19. This revision supersedes the version of this policy issued on May 9, 2020.

PURPOSE

This interim policy defines the framework, policy details, and requirements for determining the eligibility of medical care work and costs under the PA Program to ensure consistent and appropriate implementation across all COVID-19 emergency and major disaster declarations. Except where specifically stated otherwise in this policy, assistance is subject to PA Program requirements as defined in Version 3.1 of the Public Assistance Program and Policy Guide (PAPPG) published on April 1, 2018.²
