# Tribal COVID-19 Cost Recovery Webinar

- Agenda

- FEMA Authorized Assistance and Eligibility
- Tribal Options - Recipients v. Applicants
- Submission of Eligible Cost Recovery Assessment – [VirginiaPA.org](http://VirginiaPA.org)
- Overview of Resources Available
- Tribal POCs

# Tribal Recipients and Sub-recipients (Applicants)

**Based on the President's National Emergency Declaration for the coronavirus (COVID-19) pandemic on March 13, 2020, tribal governments may be a Recipient or Sub-recipient for FEMA Public Assistance.**

# Tribal Options for Assistance

- Tribal governments **do not need to request separate emergency declarations** to receive FEMA assistance under this nationwide declaration.
- A tribal government may **choose** to be a **Subrecipient under a state** that has chosen to be a Recipient of FEMA assistance or choose to be a **direct Recipient** of FEMA.
- The Department of Health and Human Services (HHS) also has funding available, including \$40 million dollars specifically identified for tribes, tribal organizations, and tribal health service providers.

# FEMA Role in COVID-19 Pandemic Response

- Tribal governments can express intent to seek FEMA Public Assistance by notifying the FEMA Regional Administrator in the FEMA regional office in which the tribal government seat is located.
- **FEMA Regional Tribal Liaison** will coordinate with Tribes on FEMA-specific questions and navigating the Recipient versus Sub-recipient decision process
  - David Thomason, [David.Thomasson@fema.dhs.gov](mailto:David.Thomasson@fema.dhs.gov)
  - Tribal Liaisons can connect tribes with FEMA leadership and program subject matter experts, as needed, for information, technical assistance and resources.

# Federal Assistance – Recipient v. Applicant

- FEMA assistance as a **Recipient** requires execution of a **FEMA-Tribe Agreement** (FTA) and execution of an applicable emergency plan.
  - An FTA is submitted to the FEMA Regional Administrator and contains the understandings, commitments, and conditions under which federal disaster assistance will be provided.
  - FEMA regional offices can provide a draft copy to tribal governments for review. Once all parties have reviewed and made edits, a final version will be distributed for signature.
- A tribal government **must confirm activation of its emergency plan** to receive assistance as a Recipient.
  - FEMA regulations do not specify legal requirements for emergency plan content; only that a tribal government has one and activates it before requesting a declaration.

# Federal Assistance – Recipient v. Applicant

- Tribal governments that chose to be a **Sub-recipient, or Applicant**, through VDEM for FEMA Public Assistance should coordinate with the Commonwealth.
  - The *Public Assistance Program and Policy Guide (2018)* provides overview of the Public Assistance program. Resource available at the end of this Webinar.
- Recognizing some tribal governments have greater capacity than others, in order to streamline resource requests, it may be efficient to **maintain close coordination with county and state officials**.
- **VDEM Tribal Liaison** will coordinate with Tribes as Applicants, for those wishing to apply under VDEM as the recipient.
  - Michelle Daschner, [Michelle.Daschner@vdem.virginia.gov](mailto:Michelle.Daschner@vdem.virginia.gov)

# Federal Assistance – Additional Requirements

- Federal disaster assistance grant programs have additional requirements to complete before FEMA allocates and dispenses grant funds.
  - The FEMA *New Recipients of Disaster Grants Guide* describes requirements for Recipients In requesting and receiving FEMA disaster assistance grant funding.
- Eligible emergency protective measures taken at the direction or guidance of public health officials in response to this emergency, Category B costs, are reimbursable.
- FEMA Public Assistance will be provided at a **75 percent Federal/25 percent non-Federal** cost share for both Recipients and Sub-recipients, or Applicants.
  - Tribal governments will be responsible for the 25 percent cost share.

# Federal Assistance - Declaration

- The President Declared a National Emergency on March 13, 2020
- January 20, 2020 - and ongoing (no end date, as of now)
  - Authorized for the reimbursement of Category B (emergency protective measures) under the Public Assistance grant program at a 75% federal cost share
    - Minimum threshold of \$3,300
  - Authorized the ability for the Commonwealth to request direct federal assistance to fulfill a specific gap or need at a 75% federal cost share (mission requests through the Virginia Emergency Operations Center)

When the form is completed, click the **Create** tab.

Describe damages that constitute a health and safety hazard to the general public?

Describe the different populations adversely affected either directly or indirectly by the loss of public facilities or damages?

Describe the economic impact?

Did previous state or local hazard mitigation measures reduce otherwise eligible costs?

Can the potential sub-grantee respond and recover from the damages quickly and without a degradation of services?

What is the impact on Public Services if a declaration is not granted?

While all fields are not required to continue to the next step, we request that they are filled out as accurately and completely as possible.

These questions help provide context to your application by describing disaster-related impacts, which is needed when justifying the request for assistance to FEMA.
