

Civil Rights Considerations During COVID-19 Vaccine Distribution Efforts

To support FEMA's efforts during the COVID-19 vaccine distribution efforts, FEMA's Office of Equal Rights (OER) provides this checklist for use by all partners to ensure access to programs and activities and the impartial and fair provision of services.

Background

On March 13, 2020, the ongoing novel coronavirus (COVID-19) was declared a national emergency pursuant to the Robert T. Stafford Disaster Relief and Emergency Act (Stafford Act). The COVID-19 pandemic, like all emergencies, has affected people of different races and ethnicities, geographic area and income levels. The Federal Emergency Management Agency (FEMA) is helping identify and fill resource gaps, using federal funding to accelerate state vaccination efforts and working to establish vaccine sites, in alignment with the President's COVID-19 response plan.

FEMA remains committed to its mission of *helping people before, during and after disasters* by ensuring access to its programs and services and enforcing civil rights. FEMA's Office of Equal Rights is responsible for ensuring compliance with and enforcement of FEMA's external Civil Rights obligations under the Stafford Act, Civil Rights Act, Rehabilitation Act, and Age Discrimination Act. FEMA also has responsibilities under Executive Order 13166, *Improving Access to Services for Persons with Limited English Proficiency*, and Executive Order 12898, *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations*.

Civil Rights Considerations

Inclusive Planning

Item	Complete	Incomplete
Review community demographics data to identify:		
1. Limited English proficient communities and languages for interpretation and translation of critical vaccination information;		
2. Communities unable to travel due to lack of public transportation or disabilities;		
3. Communities without available or affordable internet access; and		
4. Other underserved communities.		

FEMA

Develop plans to ensure equitable access to information and vaccination sites for all communities, including underserved communities and those protected by law (i.e., race, color, national origin, religion, sex, age, disability, English proficiency and economic status).		
Develop plans to conduct vaccinations for communities unable to travel, including the use of accessible mobile units.		
Develop messaging addressing concerns regarding site selection and accessibility, underlying conditions, religious exemptions and safety concerns.		
Develop process for citizens to file a complaint alleging a civil rights violation during vaccinations and messaging regarding process.		
Develop plans to increase public transportation, if necessary, for individuals to and from vaccination sites.		
Develop plans to support applicants in new virtual application processes, particularly communities without available or affordable internet access.		
Develop plans for the proper disposal of medical and other waste to ensure it does not disproportionately affect any community.		

Effective Communication Access

Item	Complete	Incomplete
Identify and conduct community engagement events with community-based and civil rights organizations.		
Conduct community engagement events with sign language interpreters and captioning.		
Conduct community engagement events in communities without reliable internet adoption and/or access.		
Include information on how to obtain accessible formats of documents on all communications.		
Ensure electronic information and information technology is accessible (i.e., Alt Text, high contrast).		

Ensure non-discrimination statement and contact for civil rights complaints on all communication materials.		
Increase communication access through social media platforms in ways that are accessible to individuals with disabilities (i.e., Alt Text, Closed Captioned Videos).		
Develop plans for individuals who are unable to wear masks due to medical or other conditions or who require the removal of masks to communicate.		

Language Access

Item	Complete	Incomplete
Translate vaccine and site information into commonly used languages in the community, based on your review of community demographics.		
Provide interpreters at community engagement events for commonly used languages.		
Provide interpreters at vaccination sites or by telephone for commonly used languages.		
Include information on how to obtain translated documents on all communications.		
Plan for the increased need for accessible and multilingual messaging and communications through available ethnic media outlets, wireless emergency communications, and use of virtual townhalls for coordinated communications.		

Physical Accessibility

Item	Complete	Incomplete
Ensure meeting and vaccination sites are accessible by public transportation.		
Ensure meeting and vaccination sites are compliant with ADA accessibility requirements.		
Document areas of noncompliance with ADA requirements and modifications made.		
Ensure mobile vaccination units are accessible.		
Ensure vaccination centers are equipped with assisted technology. (Ex: UbiDuos).		

Pre-identify locations to account for the care of individuals requiring additional assistance, including older adults, individuals with physical and cognitive disabilities and others with access and functional needs.		
Develop plans to provide reasonable accommodations, including persons who are unable to wear a facemask due to a disability.		
Ensure meeting and vaccination sites offer services to individuals with disabilities in the most integrated setting appropriate.
